

## A Trusted Partner for Your Technology Needs.

Financing a new Apple product is as easy as using one.

### Flexible Financing.

Apple Financial Services offers flexible terms and programs that make leasing devices and services easy and straightforward—regardless of your deployment requirements.

### Expert Guidance.

As a trusted partner, we'll help your organization keep technology current, extract value from used equipment, and provide the latest software and hardware with easy upgrade programs.

### Innovative Solutions.

By working with Apple Financial Services, you'll not only gain value with solutions that focus on strategic lifecycle management, but you'll also get one single funding source for all of your technology needs.

To learn more about how Apple Financial Services can help manage your technology lifecycle plans and save you money, contact your Apple Authorized Reseller, Apple representative, or [financialservices@apple.com](mailto:financialservices@apple.com).
